### *CUMULATIVE INDEX VOLUMES 16-20 November 1997-August 2002*

Compiled by Ian McMahon

#### **Notes:**

- The structure of this index is based on author and title and subject entries and generally follows the format of the Indexes for Volume 1-15 previously published by the Society.
- The first number represents the volume number and the second number the page number ie 16/23 is Volume 16 page 23. For references to Volume 20 the format is volume number, issue number and page number ie 20(3)/5 is Volume 20 Issue 3 page 5.
- Each Volume comprises four issues numbered 1 to 4. Volume 18 Issue 1 is incorrectly described on the cover as Volume 18 Issue 4.
- In the alphabetical arrangement the words 'a' and 'the' have been ignored. Names of persons have been arranged by surname.
- The entries for articles generally match the titles. Authors are shown in parenthesis and subjects, where given, in square brackets.
